

**At Viva 5,  
we CUSTOMIZE  
we INNOVATE  
we DELIVER!**

**Viva5**  
CORPORATION

Viva 5 Corporation is a dedicated, full-service “innovation house” focused on licensing, developing, and manufacturing unique, proprietary, and clinically researched ingredients and delivery forms. We are a market leader in innovation for the probiotic space, and we are the licensee for some of the most highly researched strains in the world.

Our team has significant experience in the supplement, pharmaceutical, and health/beauty channels. We offer support in areas such as sales, marketing, distribution, product development, formulation, manufacturing, label claim substantiation, and international regulatory guidance.

## **We offer exciting new products, backed by years of clinical research:**

- **PROPRIETARY PROBIOTICS**  
Highly researched strains that deliver excellent results
- **PROBIOTIC and NUTRIENT GUMMIES**  
Proprietary stabilization process yielding a high potency, shelf stable product
- **UNIQUE INGREDIENTS**  
Custom formulations, including immunobiotics and prebiotics
- **CUSTOM FORMULATIONS**  
Matched with your brand image and your consumer’s needs
- **NEW EXCITING DELIVERY FORMS**  
Panned chews, soft chews, chocolates, mints, gums and many others

We have a long-standing relationship with many of the largest companies in the nutraceutical, health supplement and functional foods industries. Our expertise allows us to bring products to market with speed and efficiency, adding significant value to our partners. Our flexibility allows us to service both start-up customers as well as our largest clients.

**Let us bring innovation to your brands!**
